Safety:

The list below covers the construction projects that the school has been awarded. Some of the projects are almost complete, while others have been delayed. Safety provisions at the school have been put in place until all projects are complete.

Gymnasium: The contractors are working at a steady pace and we are hopeful that it will be open next school year. **Update:** The Gym may be available before next school year.

Bleachers: The work on the bleachers has begun and will hopefully completed by summer.

Bathrooms: **Update**: Construction of new bathrooms in the auditorium has begun.

Roofing: New roofing will be installed over the D building. **Update**: The project will begin during spring break, weather permitted.

Honoka'a Intermediate & High School Foundation:

The legal paperwork with edits has been sent to Mark Nakashima. The next steps include getting feedback from parents, students and teachers about the foundation and soliciting for a board of directors. A short survey will be developed for gathering input from the various stakeholders.

School Community Council: We are recruiting parent and community representatives for our School Community Council. The information is listed on our school's website. Nominations are open.
