Principal's Report:

- The final enrollment count for school year 2018-19 is 611. There are 33 fewer students than we expected so we must return money back to the state. The result was the selling of several positions. We are hoping that our enrollment picks up during the year.
- We are midway through our first quarter. Reports will be going out to parents in a couple of weeks.
- Homecoming is fast approaching.
- Construction of the bleachers and gym continues on campus.
- Social Media continues to be a serious concern on campus.
- We would like to encourage families to attend our School Community Council Meetings.
